### An OTC Event

The Offshore Technology Conference was founded in 1969 by 12 engineering and scientific organisations as a response to the growing technological needs of the global ocean extraction and environmental protection industries. OTC events are where energy professionals meet to exchange ideas and opinions to advance scientific and technical knowledge for offshore resources and environmental matters.

OTC's flagship conference is held annually in Houston. OTC has expanded globally with the Arctic Technology Conference, OTC Brasil, OTC Asia and d5.
